

TOWN OF BARNSTEAD

APPLICATION FOR ELECTRICAL PERMIT

There is no additional fee for an Electrical Permit that is applied for at the same time as a New House Permit. Electrical permits for all other residential needs, and all commercial needs will be charged a fee.

Electrical work can only be performed by a Master Electrician or the property owner. The Building Inspector's Office must have a copy on file of a Master Electrician's current license and a second form of identification. If not on file, the Master Electrician **must personally appear** with his/her license and a second form of identification before a permit can be issued.

Permits cannot be issued until the application is complete. This application **is not** a permit to perform electrical work.
