

Town of  
Barnstead, New Hampshire  
Annual Report

For the Year Ending December 31, 2015

“At his retirement party on November 8, 2015, Chief Boyd posed in his grandfather’s fire helmet, holding his grandfather’s trumpet.”

#### Front Cover: DEDICATION

Deputy Chief Rodney Boyd retired on November 30, 2015, after 59 years of continuous and dedicated service to the Town of Barnstead. Over all those years of service, Deputy Chief Boyd was not only active as a firefighter and an officer, he contributed to the merger of the Center Barnstead Fire Company and Barnstead Parade Fire Company and was instrumental in guiding the Center Barnstead Fire Department and Ambulance squad. His career with the fire service in the Town of Barnstead is truly remarkable.

## CITIZEN OF THE YEAR

## CITIZEN OF THE YEAR

### MARJORIE "JEANNIE" TERRY

The 2015 Citizen of the Year was awarded to Marjorie Terry on Saturday, August 29th at the annual "Gathering on the Green" in Barnstead Parade. Jeannie, a lifelong resident of Barnstead has been giving back to the community her whole life.

She was elected as a Supervisor of the Checklist in 1980 and has served in that role for 36 years. For the past 21 years she has also been our Town Treasurer. Jeannie is currently the co-chair of the Historical Society having been a member for many years. She was a Girl Scout leader and the owner/operator of "Jeannie's Beauty Nook" here in Barnstead for 40 years.

## IN REMEMBRANCE

The Town of Barnstead wishes to acknowledge the passing of these individuals who have made contributions to our community either as elected officials, served on a board or committee, or in another capacity.

*Andrew Houle*

Andrew Houle, 65, of Shackford Corner Road passed away June 18, 2015 at the Concord Hospital following a sudden illness. He served Barnstead as a Selectman for 2 terms; 2008-2011 and 2014-2015. He lived in Barnstead for more than 30 years and was owner/operator of Andy Houle Enterprises, as appliance sales and service business.

John H. “Jack” O’Neil passed away on Saturday, January 31, 2015 after a long illness. In 1997 “Jack” moved to Barnstead with his family. He had retired from the Woburn, MA Post Office. He was a Vietnam Army Veteran, a member of several veteran’s groups, a former Barnstead Selectman (2004-April, 2008) and Welfare Director (2003-2007).

Roland Bunker passed away February 12, 2015. He was a “native born resident”. He had served on the Planning Board for many years and was a Gate Keeper for Town Elections until 2013. He received the honor of Citizen of the Year in 2012.

Gail Darrell passed away February 27, 2015. She was one of the leaders in the fight to protect Barnstead’s water supply, making the Town first in the nation to ban corporate water mining in its borders.

Eldon M. Heath passed away July 2, 2015 at the age of 96. He worked as the Building Inspector for the Town for many years in the 60’s and 70’s.

Harvey R. Locke, Sr. passed away December 25, 2015 at the age of 93. He returned to Barnstead, after serving in the US Army (1940) and the Battle of the Bulge, where he worked on the Barnstead Police Department. He later formed a construction company building custom homes.

We also want to express our condolences to any of the families who have lost loved ones this year whether they were new to the community or had lived here all their lives.

## SELECTMEN'S REPORT

Dear Residents of Barnstead,

The year 2015 showed that the overall economics of the town and community are still improving albeit slowly. The number of bank foreclosures, and citizens requiring assistance is decreasing and the town income from things like car registration fees is increasing.

We mourn the passing of selectman "Andy" Houle who died suddenly after a brief illness and remember his many years of service to the community, both as an elected official and as a volunteer. On this subject we would like to thank Mr. Rick Duane, for stepping forward to fulfill those duties until the next election. Rick has brought his talent and thoughtfulness to the position. We also mourn the passing of Mrs. Gail Darrell who was instrumental in working to pass a community rights bill to protect the water rights of our town. Many towns have now imitated Barnstead and we get routine calls from other states where small communities are threatened by environmental issues. We would also like to thank Carol Locke and Mrs. Paula Vardaro, both of whom retired this year and wish them well for the future.

During the summer we completed quite a detailed traffic survey which can be used by our Road Agent and the Board, when planning where to apply our limited resources to our almost 80 miles of public roads. This year we have made great progress in replacing and enlarging culverts as well as refurbishing and constructing better drainage along many of our roads. These upgrades should result in reducing damage and saving money on long-term maintenance. We hope to continue this progress during 2016.

On the subject of winter, the Highway Department always has a small mound of premixed sand and salt for use by Barnstead residents. This is not for the use of commercial operators to fill their trucks. 2015 also saw the approval of a federal grant for a new fire truck specifically designed for fighting brush and woods fires and with the capability of getting to these areas. This truck will enter service in 2016. Our new replacement ambulance will also come into service during 2016 as scheduled. We would also like to thank "Barnstead Firefighters Association" for donating a pumper truck, which was no longer required for front line fire service, to our Highway Department. This truck can still be used and is very helpful for washing out culverts throughout our town as part of routine, but critical maintenance.

During 2015, Barnstead became one of the first small towns in New Hampshire to have equipped all its police officers with audio visual cameras. These are proving to be a very useful tool, protecting both the public and the officers in the increasingly complex law enforcement area, which even small rural towns are now facing. The advances in technology have reduced the cost of these items and produce excellent results both night and day. Our police department has made substantial progress in community policing and getting to know the people in the community whom they serve and protect.

Respectfully, your Select Board:

Gordon Preston, Chairman  
Priscilla Tiede, Vice-Chairman  
Richard Duane  
David Kerr  
Edward Tasker

## 2016 WARRANT

23. To see if the Town will vote to authorize the Selectmen as allowed by RSA 80:80,III, to convey the property at Tax Map 041 Lot 336 to Gerard L. Laliberte, who has paid all back taxes interest, costs and expenses owed to the Town in maintaining the property. (Recommended by Selectmen 5-0).
24. To see if the Town will vote to approve the annual Lease Agreement between the Town and Butler Bus Company for the purpose of leasing the town-owned land on South Barnstead Road to Butler Bus Company to allow the parking of Butler's school buses. Butler Bus pays property taxes on that portion of the property that is used. (Recommended by Selectmen 5-0).
25. To see if the Town will vote to pass a Right-Based Ordinance establishing a Right to be Free From Religious Identification within the Town of Barnstead, New Hampshire, by establishing a community bill of rights which prohibits any discrimination on the basis of religious or other beliefs. Whereas, the people of the Town of Barnstead are opposed to political and civil persecution based on religious beliefs; and Whereas, Candidates for the office of United States President have suggested the creation of a system of official identification which would require the disclosure and identification of people's religious or other beliefs; and Whereas, the people of the Town of Barnstead will not abide by any future laws which would require such disclosure and identification, as those laws harken back to dark periods in this country's history, when people of Jewish and other faiths were required to identify themselves by wearing badges and by carrying special identification. Therefore, we the people of the Town of Barnstead adopt the following Warrant Article, which recognizes the right to be free from such discrimination, and which recognizes the right of Town Meeting to adopt a law recognizing that right. Section 1. Statement of Law – Bill of Rights: (a) Right to be Free from Religious Discrimination. The people of the Town of Barnstead have an inherent, fundamental and unalienable right to be free from any discrimination on the basis of religious or other beliefs. "Discrimination on the basis of religious or other beliefs" for purposes of this law, includes any local, state or federal legal requirement that individuals identify themselves as members of a particular religious faith or identify themselves as members of any group with a particular set of religious or other beliefs. (b) Right of Local Community Self-Government. The people of the Town of Barnstead possess both a collective and individual right to self-government in their local community, a right to a system of government that embodies that right, and the right to a system of government that protects and secures their human, civil, and collective rights. (c) Rights as Self-Executing. All rights secured by this law are self-executing and further implementing legislation shall not be required for the Town of Barnstead or the residents of the Town of Barnstead to enforce the rights or prohibitions recognized by this law. Section 2 – Enforcement: (a) It shall be unlawful for any government to violate the rights recognized and secured by this law. (b) The Town of Barnstead, or any resident of the Town of Barnstead, may enforce the rights and prohibitions of this law through an action brought in any court possessing jurisdiction over activities occurring within the Town. In such an action, the Town of Barnstead or the resident shall be entitled to recover all costs of litigation, including, without limitation, expert and attorney's fees. (c) All laws adopted by the legislature of the State of New Hampshire, executive orders issued by the President of the United States, laws adopted by the United States Congress, and all state and federal judicial rulings shall be the law of the Town of Barnstead only to the extent that they do not violate the rights or prohibitions of this law. Section 3 – Interpretation: Any reviewing court must liberally interpret this law's provisions to achieve the goals stated in the preamble. (Submitted by Petition).

## TOWN CLERK/TAX COLLECTOR'S REPORT

2015 saw an increase of over \$50,000 in motor vehicle revenue. Revenues were up across the board and the overall year to year bottom line increase was over \$300,000.

Beginning January 1, 2016 there is a change in the motor vehicle laws regarding registration of antique vehicles. The definition of an antique vehicle per RSA 243:3 is any motor vehicle, over 25 years old which is maintained for use in exhibitions, club activities, parades and other functions of public interest, but not for use in commerce. The words "maintained for use" shall mean a motor vehicle or motorcycle in its original condition or restored to original or better condition and NOT INTENDED FOR DAILY USE. Please be aware of this new regulation when renewing or registering an antique vehicle. If your antique vehicle does not meet these new restrictions, you will be required to register it as a regular vehicle.

In July of 2015 the fee for a marriage license increased from \$45.00 to \$50.00.

To all tractor owners, as in "Old MacDonald had a farm," tractor owners-please bear with us as the State is now requiring low speed utility vehicles which had been previously been registered as tractors, to be registered with special commercial plates as either an industrial or agricultural utility vehicle. For now, you will be required to come to the office to re-register your tractors, and the fees are not included on the renewal notices.

The Tax Kiosk continues to be a popular way to pay your property taxes online. Payments made via the kiosk were over \$260,000 for the year. The kiosk is easily accessible through our website at [www.barnstead.org](http://www.barnstead.org). On the left side of the homepage simply click on the button that states property taxes-review or pay online. It provides assessing information as well as the ability to print out receipts. Our recommendation, when using this service, is to use an ACH check, since the fee is only 95 cents. The use of a credit or debit card adds almost 3% to your total.

As always, if you have any questions or concerns, please do not hesitate to call or come in to the office. We are open daily Monday, Wednesday, Thursday and Friday from 8:30 AM to 4:30 PM and Tuesday we are open 11:30 AM to 7:00 PM. We are CLOSED TO THE PUBLIC the THIRD WEDNESDAY OF EVERY MONTH.

Respectfully submitted,

Cynthia L. Treadwell

## ASSESSOR'S REPORT

The last update of values occurred in 2010, so in keeping with the State of New Hampshire's recommendations a Town wide update of assessments was completed for the 2015 tax year. These revised assessments were reflected on the December 2015 tax bill. The standards developed for the new assessments will remain in effect until the next Town wide update occurs, probably 2020, unless there is a major change in the market that causes assessment to be inequitable. Property assessment will not change until the next update unless a property has a physical change or an error in the property record data is corrected.

To try to ensure that the Town has fair and equitable assessment, the Town chose for 2015 to mail a notice to any property owner that was not available when the property was visited in the 2014 data verification cycle. The notice asked that the property owner call and schedule an appointment with the Assessor's Office to visit the property and verify the property record data.

The NH DRA has not yet determined the equalization rate for 2015. Any taxpayer that feels their property's equalized assessment does not reflect the market value of the property may file an abatement by March 1, 2015. When filing your abatement application only valid arms' length transactions may be used as comparables. Foreclosure, bank sales and family sales are not considered valid sales. The abatement applications are available in the Selectmen's Office or online at [www.nh.gov/btla](http://www.nh.gov/btla)

The deadline for submitting all exemption and tax credit applications is April 15 for the tax year applied for. These include elderly and blind exemptions as well as veteran's tax credits. If you feel you qualify for any of these as of April 1, 2016, stop by the Selectmen's office to fill out an application.

For 2016 the Town has continued its contract with R. B. Wood & Associates. A representative of the assessing firm is available on Wednesdays for any taxpayer questions. In 2016 data verification cycle tax maps 8 thru 16 will be reviewed. A postcard will be sent to the taxpayer for each of the improved properties, before a representative of the assessing company visits the property.

*INDEPENDENT AUDITOR'S REPORT*

To the Members of the Selectboard and Management  
Town of Barnstead, New Hampshire

**Report on the Financial Statements.** We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Barnstead, New Hampshire as of and for the year ended December 31, 2015 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.<sup>1</sup>

**Management's Responsibility for the Financial Statements.** Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from materials misstatement, whether due to fraud or error.

**Auditor's Responsibility.** Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluation the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluation the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions.** In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Barnstead, New Hampshire, as of December 31, 2015, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Report on Required Supplementary Information.** Management has not presented a *Management's Discussion and Analysis* of the financial statements. Although it is not required to be part of the basic financial statements, accounting principles generally accepted in the United States of America requires it along with the budgetary information presented in the section marked

*Required Supplementary Information* to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Report on Combining and Individual Fund Statements and Schedules.** Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Town of Barnstead, New Hampshire's basic financial statements. The accompanying schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly presented in all material respects in relation to the basic financial statements as a whole.

## EMERGENCY MANAGEMENT REPORT

The town's role in Emergency Management is to coordinate the disaster response of all town departments and services in order to save lives, reduce suffering, restore essential services and minimize the damage caused by natural and manmade events.

Town Officials appoint an Emergency Management Director (EMD) to facilitate community response planning and preparation efforts, coordinate operations of town departments during a disaster, and liaison with New Hampshire Homeland Security and Emergency Management (NH HSEM) and adjoining communities. In 2015 the EMD facilitated an update to the town's Emergency Operations Plan (EOP). The EOP establishes a framework for town government and its partners to provide assistance in an expeditious manner in the event of a perceived, potential or actual disaster or emergency. The EOP is a living document that will be reviewed and exercised each year.

The EOP update was accomplished through a New Hampshire Homeland Security Emergency Management Performance Grant (EMPG) of \$4,000.00 and a match of time from all applicable town department and board representatives that included: Emergency Management, Fire, Police, Highway, School officials, Welfare Officer, Selectmen, Planning Board, Locke Lake Association, Health and Building Inspector. The EOP was approved and signed by the Selectmen on October 6, 2015.

The grant also included \$3,500.00 to equip, establish, and staff an Emergency Operation Center (EOC) at the Parade Fire Station. The Emergency Manager would like to thank the Fire Department staff for their willingness to provide space for an EOC and for assisting in the planning of its layout. During an emergency the EOC will be activated and the training room in the Parade Station will be converted in order to support community emergency operations.

During 2016 the EMD will work with Town Officials and department heads to:

1. Continue individual and family preparedness awareness
2. Support Town department projects that lessen the impact of disasters and reduce the cost of response and recovery operations
3. Liaison with school department staff, State, County and adjoining towns to better coordinate mutual aid
4. Coordinate with State exercise staff, Town Officials and department heads to conduct a multi-agency tabletop exercise
5. Review the current Regional Shelter Agreement with Prospect Mountain High School and the Town of Alton
6. Recruit a Deputy Emergency Manager and other volunteer staff for the Town EOC.

2015 was another year when the town avoided major storms and incurred no major damage from natural or man-made hazards. The Town of Barnstead continues to develop its ability to work together to respond to all hazards. The Emergency Manager would like to hear from any community member who is interested in serving as the Deputy Emergency Manager or would like to volunteer to staff the EOC. Some training is required but all courses are at no cost to the individual and are mostly available online as web-based curriculum.

Respectfully Submitted,

Wayne W. Santos  
Emergency Management Director

## ROAD AGENT REPORT 2015

After the busy winter months at the beginning of 2015, we got started on our summer projects and road maintenance. We reconstructed Pitman Road which included replacing culverts, ditching, removing trees and stumps, and cutting back the canopy. Additionally, the Highway employees did a concrete injection into the road base and 2 ½” of base asphalt pavement.

We overlaid parts of Peacham Road, North Barnstead Road and Shackford Corner Road which had been reconstructed the previous year whereby finishing the paving process with a top coat known as the wear coat. This brings the depth of the pavement to 4 inches; 2 ½” of base and 1 ½” of top coat.

We also sealed the cracks on Maple Street then overlaid it with an inch and a half of top pavement. We did chip seal on the pavement on North Road and on North Barnstead Road from Rte. 28 to Belmont Drive, as well as on Old Rochester Road. We decided on chip sealing for two reasons: first and foremost it helps to seal the road, thus slowing the penetration of water under the pavement, and second, the stones used in chip seal gives the road a texture that provides a little extra traction in the winter on those steep hills.

The Highway Department widened some problem areas on Colbath Road, Brindle Pond Road, Parkey Road and Coles Ledge Road on the Beauty Hill Road side. This involved cutting trees, ditching, sloping the banks and re-seeding for erosion control.

Our backhoe has been busy picking rocks, pulling stumps, clearing culverts and creating water turn-outs. This makes it easier for the mower to navigate, increasing its productivity; which combined with the purchase of a new roadside mower, enabled us to mow more this year than ever before. You may have noticed some new paved aprons added to some of our roads as well. This makes it quicker and safer for the grader operator to do his job, thereby reducing the potholes created by vehicles stopping and starting where the gravel meets the pavement.

We did some underdrainage on the hill located on White Oak Road to alleviate the water that bleeds out of the road creating a hazardous situation in the winter. There are numerous other small jobs we have been able to accomplish due to the extension of some nice fall-type weather.

In closing, I would like to thank my hard-working, dedicated crew; without them not nearly as much would have been accomplished.

Sincerely,

Jim Doucette

## ANNUAL REPORT FOR THE YEAR ENDING 2015

Another year has passed and we continue to move forward with our goal of rebuilding the Police Department. We have seen ups and downs this past year in dealing with staffing shortages and injuries. I would like to thank the residents for their continued support, praise and overall patience. None of us could do this job if not for your support.

We are continuing to improve our equipment by maintaining a strong relationship with our partners in the LESO/1033 program. Through this program, the Department has acquired over \$500,000 in surplus military equipment to be used in the Town and to help support our counterparts in the surrounding area.

Through this program, we have added equipment the Town would not have been able to purchase and that allows us to widen our horizons as long as we "look outside of the box."

The acquisition of approximately \$60K in computer/radio equipment will allow us to establish our primary and secondary Emergency Operations Centers, provide much needed storage for body cameras and interview room footage and will allow us to place additional hardware in Town for our use. We've obtained items such as tractor trailers to assist with the transportation of heavy equipment, rather than contracting out services and to possibly be used to assist in snow and debris removal during major weather events. Other items obtained include our HUMVEE, which is used for community events and off road assistance to travel where our cruisers will not, mobile generators and trailers to store and haul equipment.

This year we met with the CIP Committee and want to thank the panel for their time and input. While we truly need more space, the Department is making the best of the space we have and continually remodeling the inside of the station in order to utilize every possible inch of space. We have restructured the inside so the Department now has an area for audio and video recorded interviews and keeps us in compliance. We still travel to other police stations in order to process arrestees, but hope that in the future we can convert the garage area into a patrol/booking room equipped with an awning, lights and video recording on the outside and audio and video recording in the booking room. Based on the Town's current economic status, we are learning to "do more with less." As always, we welcome tours of the facility so residents can see how we are working toward lowering costs and where we need some assistance.

Staffing has always been an issue for this Department and is no different this year. This Department faces the same challenge that law enforcement in general is grappling with. We are competing with the private sector and losing. Fewer and fewer candidates are applying for police positions, but we will continue to push forward in order to bring the best possible candidates into the hiring process. Again, the budget is being pushed forward to bring our department numbers back to the original staffing levels of six (6) full time officers and five (5) part time officers along with an administrative assistant and an Animal Control Officer (ACO).

There has always been much debate on the proper number of officers needed to run a Police Department. With that, we need to consider administrative and investigative duties versus patrol duties. While departments are centered on patrol officers, officers handling investigations and other vital administrative duties are a necessity. The Department strongly urges support in re-acquiring the fifth full time Patrol Officer with the intention of bringing on a sixth full time officer next year. This way, the Department will continue to take baby steps toward our goal of providing better services to the taxpayers.

This past year, besides handling patrol and investigative matters, we continued to make our relationship with the residents stronger and more productive. In doing so, we have partnered with the Oscar Foss Memorial Library, Parks and Recreation and the Barnstead Elementary School in bringing National Night Out, the Bicycle Rodeo, Santa Claus visit to OFML and Coffee with the Chief/Community Watch. Sometimes it is extremely hard juggling the events, but we find in the end this benefits all involved.

While the number of patrol officers has dwindled over the past year, our end of year stats have not. In 2015, we increased our property checks and discovered our calls for burglaries, criminal trespassing and criminal mischief were reduced significantly. We would attribute the reduction to community awareness and cooperation with the Police Department. We also had a drop in some of our motor vehicle enforcement due to our staffing shortage, but our stats were not far off from those of last year.

We continue to embrace our motto of “In Partnership with the Community” and welcome any feedback to assist in making our Department better in order to help residents make Barnstead an even better Town in which to live.

Respectfully submitted,

Joseph G. McDowell Jr.  
Chief of Police

## 2015 Annual Report

Calendar year 2015 was a very busy and exciting year here at the library. In January, Danielle Hinton assumed the role of Director. A longtime resident of Barnstead, Danielle has brought her love of the community and a background in non-profit administration and information technology to the role. We also said goodbye to Library Assistant Mark Thomas. Mark's patient and pleasant demeanor will be missed by all. We wish him the best of luck!

In September we welcomed our new Library Assistant, Lindsey Smith. Lindsey has a Bachelor's degree in English Education and Literature and brings a variety of technology and education skills to our team.

### **Circulation**

The Oscar Foss Memorial Library circulated a record high 26,756 items in 2015. We registered 224 new patrons giving us a total of 2,579 registered users. Books are still the number one circulated item followed closely by DVDs and adult audio books. We added 2,296 new items bringing our collection size to 17,697 items. NH Downloadable books continue to circulate steadily with no change in checkouts and has now added digital magazines to the collection.

### **Community**

### **Partnerships**

The Oscar Foss Memorial Library continues to be involved with the After School and Summer Learning Program for Elementary and Middle school youth grades K-8, also known as the Barnstead Adventure Zone. Barnstead was selected as a recipient of the 21st Century Community Learning Center project through the Department of Education in 2014. The library provides programming and space for students visiting the library from the Barnstead Adventure Zone. New programs are being created for the 2016 sessions.

The library and the Barnstead Police Department worked together on a number of programs this year. The Bike-Rodeo took place at the Barnstead Elementary School parking lot in June and provided a great opportunity to have some fun and to learn about bike safety. In August, the library brought children to the police department to learn about our local heroes. In October, the Library had a table at National Night Out. The Police Department handed out gifts and had "Santa" read to the kids at the library in December. It was a big hit!

Barnstead Historical Society and the Oscar Foss Memorial Library collaborated to host two NH Humanities Council presentations. Dudley Laufman presented *Contra Dancing in NH*. Cal Knickerbocker presented *Motivating the WWII Home Front via Magazine and Radio Advertising*. The NH Humanities Council awarded the library with a grant to make these programs possible.

Danielle and Youth Services Librarian Christy Verville visited the Barnstead Elementary School in June for an assembly provided by a Kids, Books and the Arts grant. Keith Munslow performed a series of fun and entertaining songs for grades K-6.

The Library and the Grange collaborated on a Beautiful Barnstead photo project that encouraged community members to enter pictures of our town that were then displayed at the library.

The Library also worked with various volunteer members of the community to offer workshops on topics like Knitting for Beginners and Photo Composition.

## **Library Programs**

### **Adult**

This year the Oscar Foss Memorial Library hosted 35 library-sponsored adult programs, with 567 people attending those events. Some of the many new programs offered were part of our makerspace workshops and included knitting, crochet, sewing, beekeeping, home brewing and photography. The 2015 Adult Summer Reading program was a great success with 33 participants and over 97 books read. Our Adult Book Club has continued to be a successful program as well. The Friends of the Oscar Foss Memorial Library helps to raise funds for programs like these and more. In 2015, the Friends also provided the Library with new window shades for the children's area and donated a prize to our Summer Reading Program. They meet the second Thursday of each month and new members are always welcome.

### **Children and Teens**

There was a record breaking total of 201 youth and family library programs held this year, with an overall attendance of 2,605 participants! This year we added several new programs along with our other ongoing and annual programs.

We continue to run the very successful Story Hour program on Wednesdays at 10am and Toddler Time program on Tuesdays at 10:30am. The middle school book club is run at the school by our Circulation Assistant, Lindsey. Teen Library Club continues to meet monthly on the first Monday from 6:30-7:30pm. Along with these ongoing programs, families enjoyed a few other fun events like "Bring Your Child to the Library Day", a "Dr. Seuss Birthday Celebration", a visit from "Clifford, the Big Red Dog", an "American Girl Tea Party" event, A Doctor Who themed "Who-liday Party", Minecraft Club, Teen Holiday Gift Workshop and several family movie and game nights. It was very exciting to offer so many wonderful programs to the community this year!

2015 was a record breaking year for our Summer Reading Program as well. We had 146 children and teens register for the program and a total of 932 books read! The children loved the hero theme and activities, especially the costume party. We were also pleased to welcome and visit with some local heroes like the Barnstead Police, a K-9 officer from Laconia and Zara, the reading dog.

There is always something happening at the Oscar Foss Memorial Library. Be sure to like us on Facebook!

## REPORT FROM THE BUILDING INSPECTOR'S OFFICE

It is encouraging to see a 20% increase in the total number of permits issued this year over last year. This year a total of 446 permits were issued including Certificates of Occupancy and Certificates of Completion. The maximum allotted new home permits for this year was 35, of which 4 were used. A carryover of 29 permits from last year gave us a total of 64 available new home permits; this number does not include the 3 replacement home permits that were issued. The total revenue collected by this office was \$25,963.22, which is also an increase over last year.

The following is a re-cap of most of the issued permits:

New Homes	3
Mobile Home	1
Total New Homes	4
Replacement Homes (Replacing an existing home)	3
Accessory Structures	1
Antenna (New)	1
Additions	7
Barns	4
Commercial Building Renovations	4
Decks	16
Demolition	25
Driveways	5
Electrical	82
Garages	10
Mechanical	118
Plumbing	26
Pool (in-ground)	1
Porches – New & Enclosed	2
Railings	1
Ramps	5
Renewals	40
Renovations	27
Retaining Walls	2
Roof/Roof over	5

If you are planning to make any structural improvements, additions or electrical and plumbing changes to your home, a permit is required before any work commences. The Barnstead Building Inspector position is a part-time position so please call 603-269-4071 x 111 or the Building Inspector's cell at 603-235-6469 to schedule appointments.

Please remember if you have a current active building permit you must call for periodic inspections as laid out in your inspection checklist which includes a final inspection. Upon every satisfactory final inspection, a certificate of completion or occupancy is issued and this certificate will then prompt us to close your existing permit and its associated file(s). Those who do not call for a final inspection will automatically receive a letter generated from the Building Department requesting a permit renewal at the end of 12 months.

If you are installing a wood or pellet stove, water heaters, heating systems or propane tanks and lines, (either new or swap outs) a mechanical permit is also required. These inspections are done by the Barnstead Fire Department after the permit is issued through the Building Department.

Barnstead uses the International Building and Residential Codes 2009, International existing Building Code (IBC & IRC), National Electrical Code 2011 (NEC), Plumbing code, Life Safety 101, and the Fuel Gas Code.

Respectfully submitted,

Fab Cusson  
Building Inspector/Code Enforcement Officer

## PLANNING BOARD REPORT

The Planning Board had a busy year with the approval of 1 major subdivision, 3 lot line adjustments and 6 site plan reviews for new businesses in town.

At Town Meeting in March of 2015 the voters of Barnstead approved to delete Section 12-10 of the Zoning Ordinance - Growth Management Regulation which had allowed the surplus of unissued building permits in a given year to be carried over and made available in the following year; to delete the words "or surplus" in the Section 12-12 of the Zoning Ordinance. At the time there will be no carryover of new building permits.

The Planning Board spent several work sessions reviewing the Zoning Ordinance for the town and came to the conclusion to keep it as is. We are also reviewing the Subdivision Regulations and the Cistern regulations have been updated and are posted on the town website. Our Rules of Procedure have been reviewed and updated and are also posted on the town website.

This past year a Capitol Improvements Plan (CIP) Committee was formed. The purpose of the CIP is to help the town plan for future capitol expenditures such as large equipment or buildings. The CIP Committee met with all department heads and both school SAU's to develop a comprehensive guide to the town's spending over the next six years. The Planning Board approved the CIP and it was forwarded to the Selectboard Office and the School SAU for use in their budget planning. The CIP committee will resume meeting in the late spring to update the plan. If you are interested in helping the CIP committee please contact the Planning Board.

The Planning Board meets at 7:00 PM the 1st Thursday of every month at the Town Hall and all meetings are open to the public. Work sessions are held at 7:00 PM the 3rd Thursday of the month on an as needed basis.

## CONSERVATION COMMISSION REPORT

The Barnstead Conservation Commission would like to take this opportunity to thank the community for their support and to inform everyone of the various activities undertaken in 2015 on behalf of the Town. As described in previous years, the Commission continues to focus its efforts on maintaining the Town's existing conservation and recreation parcels as well as working to develop new conservation easements across the community in an effort to meet long-term land protection needs and the goals of the Town Master Plan.

Two specific maintenance projects we have been trying to schedule for several years were successfully completed this year. The boat ramp located on the Big River behind the Police Station was rebuilt with the help of local contractors. We have had a permit to do this work for several years but could not coordinate the timing of the work effort with low water levels and other site constraints. These changes to the ramp should keep it operational for a number of years. Keep in mind this short ramp is rather steep for two-wheel drive vehicles towing a trailer. We recommend those folks utilize the concrete ramp at the Parade site further down the river. For anyone who hasn't kayaked or canoed this portion of the Suncook River, we highly recommend it – its easy paddling, quiet and beautiful.

The other land management project to report is mowing or brush-hogging of the 5 acre field in front of the Harrison cabin off Gilmanton Road. This open field habitat is an asset to the property, which we could no longer manage on our own. We appreciated the assistance of Scott Fitzmorris in this effort. The field looks great and his work will help our management efforts for 3 or more years. Scott also brush-hogged the field at the White Oak Road Recreation Area, a big help to our management efforts as well.

Other activity at the Harrison property included the usual trail maintenance and a meeting with Barnstead Elementary School administrators to showcase the site for potential utilization by the school for activities such as environmental classes or other outdoor activities. We hope to contact other groups in town as we try to develop a long-term utilization plan for the property.

In our ongoing effort to find landowners who might be interested in protecting their property through a conservation easement, the Conservation Commission co-sponsored a conservation easement workshop with the representatives of Bear-Paw, our local land trust partner. Attendees to the workshop were informed about the requirements for establishing an easement, as well as some of the advantages and disadvantages. The Conservation Commission is pleased to be working with the Bear-Paw group because of their expertise on all aspects of this process and we look forward to successful projects in town.

The Barnstead Conservation Commission remains an active contributor to The Belknap Conservation Coalition (BRCC), with a seat on the BRCC Board of Directors. This area is an important asset available to the residents of Barnstead, and includes the headwaters of the Suncook River, Mount Major, and Gunstock Mountain. To date, this group has successfully conserved 15 tracts totaling 2733 acres.

## New Members

This past year, we welcomed Joan Foss as a new member, however we continue to need additional community members to bring new ideas to our efforts. Anyone interested in participating on the Commission or simply attending meetings is welcome at our regular meetings on the first Wednesday of each month at 7:30 at the Town Hall. Please contact Jim Fougere with any questions or comments.

Jim Fougere, Chairman 269-4264

## Barnstead Milfoil Control Committee Report 2015 Treatment & Forecast

After 11 years and over \$400,000 spent by all parties with about \$125,000 raised by taxes on the milfoil battle, Barnstead's Lakes and River still require constant vigil and effort. It seems like we are not making much progress, so our focus needs to change. The picture on the right shows the Suncook River with milfoil laying on top of the water in 2005. The second picture shows the density it had developed without any effort to contain or reduce its growth. Today, it is much better. There is more boat traffic on the River now. But we seem to be just maintaining and not really reducing its impact.

This report signals a change from the way we have been attacking milfoil. Instead of using scuba divers as mop up for removing surviving plants after a herbicide treatment, the focus will be to have divers keep milfoil vegetation to a minimum and use herbicide to treat only when the root system in an area becomes too dense for divers to remove. Divers will need to be in the water constantly monitoring the water body for any new plants. Consequently, the Town of Barnstead is seeking certified Weed Control Divers (WCD) for our summer 2016 program. We also need volunteers to help with the program. The Milfoil team meets the second Saturday every month in the Oscar Foss Memorial Library from 9am to noon.

Our detailed report will be on the Town of Barnstead's web site in the next month and is being printed in *The Baysider*. It will describe the background events, a summary of the results we have learned to date, more detail on the milfoil plant and how it grows and spreads, a description of the new approach and reasons for the changes, and acknowledgement of all those who have helped in the fight to control variable water milfoil.

We are asking the Town to support our new program that is focused on keeping all of the milfoil vegetation to a minimum in all of the lakes and river in Barnstead this summer, 2016. It will cost \$15,000 to permit divers about 500 hours of dive time to remove and pull plants in our waters. We feel it is the only possible solution that has the potential to permanently remove milfoil plants from the water and reduce their overall impact and growth. This is a special request for 2016 treatment summer. We expect to reduce the presence of milfoil over the next 2-3 years so that our total milfoil budget can also be reduced significantly.

Even though it has been frustrating to not have made greater success, we feel that our new program will provide a new process in removing this weed from our four major water ways in Barnstead. Most important, we can't give up. To do so would cause the weed to grow, choke off our river and cause the broad open area along Parade Road to become nothing but a marsh. The Suncook River would ultimately become weed infested and boating or kayaking would become difficult to do. Fishing would mostly disappear. We can't let that happen. With your help, we will win this battle against variable water milfoil.

Ed Neister – Chairman  
Pam Miller – Survey Specialist

## ZONING BOARD OF ADJUSTMENT

The function of the Barnstead Zoning Board of Adjustment (ZBA) is to review applications from property owners seeking relief from requirements of the Barnstead Zoning Ordinance. Relief can be sought by applications for variances, special exceptions, or equitable waivers. In addition, the ZBA can consider appeals by property owners regarding land use administrative decisions made by other boards or town officials.

Applications for relief are granted based on the information provided in the application presented, the testimony given at a public hearing, the observations of the Board members at site visits and findings by the Board that all criteria for the application have been met.

The following are cases that were approved before the Board in 2015:

- (1) A variance to allow the construction of a replacement home with a side setback of 16' and 8' which does not meet the adjusted side setback of 15' as allowed by the Town of Barnstead Zoning Ordinance.
- (2) An equitable waiver of dimensional requirement to Article 4, Section 4-2.05 for the existing garage which is currently 8.69' at its closest point from the sideline which does not meet the sideline setback of 30' as required by the Town of Barnstead Zoning Ordinance.
- (3) A variance to allow the construction of a deck with a side setback of 6.9' at its closest point and 17.3' from the front yard boundary which does not meet the adjusted front setback of 25' and side setback of 15' as allowed by the Town of Barnstead Zoning Ordinance.
- (4) A variance to allow the construction of a garage with a side setback of 6.9' at its closest point and 10.5' from the side yard boundary which does not meet the adjusted side setback of 15' as allowed by the Town of Barnstead Zoning Ordinance.

The following case was denied by the board in 2015:

- (1) A variance to allow the construction of a 2 car garage with second story living quarters which does not meet the adjusted front setback as allowed by the Town of Barnstead Zoning Ordinance

The members of the ZBA are appointed, for a three (3) year term, by the Board of Selectmen. The membership consists of five members and up to five alternate members. During calendar year 2014, ZBA member Ed Tasker resigned from the Board. Longtime board secretary Paula Vardaro resigned. We thank them both for their time of service and wish them good luck and well being.

We welcome three new people to the Board. Joan Foss has joined as an alternate member, MaryJane Dascoli has added Planning and Zoning assistant to her duties, and Francesca Latawiec is now our recording secretary. Welcome to all and thank you for your willingness to serve.

## A Message from the District Committee

### 2016

Signs that the area economy may have turned the corner in 2015 were evident at the District as tonnage was up slightly. The District managed to process 1,185.5 tons of recycled materials for a cost savings of \$150,460.64.

Our 10 year old roll-off truck was replaced in early 2015. The Committee purchased the new truck utilizing the monies from the Capital Reserve Fund, rather than burden the four towns with a tax increase. This is the 15<sup>th</sup> consecutive year the Committee has avoided increasing taxes.

Comments from the public are always welcome. The District Committee meets the last Thursday of each month (except Nov. & Dec.) at the District facility at 7:00 PM. The November meeting is the Thursday before Thanksgiving, while the December meeting is posted in the Suncook Valley Sun and at the District facility. The Public is invited.

## HEALTH OFFICER'S REPORT

As the year has drawn to a close it is time to review the issues the Barnstead Health Department faced in 2015. I refer to this report as the Barnstead Health Department as it was administered jointly between the Health Officer and Deputy Health Officer. On a positive note Barnstead was not exposed to either EEE or West Nile Virus. Our activities were concentrated on routine issues that we face every year. While it is our intent to resolve complaints informally, when necessary stronger enforcement is taken by the town to abate any violations. For those who voluntarily complied with our requests we appreciate your cooperation. Sadly, we anticipate that more formal enforcement will be required to correct certain properties with existing violations.

Every year we receive complaints of properties that are left in deplorable condition, both commercial and residential. Should a property be an esthetic eye sore, but absent any health hazard there really is no action the Town can initiate to correct the situation other than request the material be removed in an effort to be considerate of others. However, material discarded on property such as putrescible wastes, food scrapes, or other harmful wastes is defined under state statute as offensive matter. The Town then has authority to require the owner to remove the waste. Owners may not be aware that this practice has the potential to adversely affect human health. Rats and other vectors that may carry different diseases are attracted to offensive matter, and may be transmitted to occupants. I mention this because of all the issues facing the Health Department this requires the least effort or cost to abate the threat. Wastes should be stored in secure containers with limited accumulation. All waste generated by Barnstead residents are accepted at the Pittsfield Transfer Station at little or no cost. What may be more difficult would be to correct lifestyle practices that first create the situation.

### 2015 Activities:

- 2 Offensive Matter Complaints
- 3 Septic System Complaints
- 2 Septic System Enforcements
- 1 Foster Care Inspections
- 1 Day Care Inspections
- 1 Nuisance Complaint
- 4 Water Samples (Public Buildings)

Respectfully submitted,

William Evans  
Barnstead Health Officer

## THE BARNSTEAD PARKS AND RECREATION COMMISSION

The Barnstead Parks and Recreation Commission is currently comprised of five individuals: Lyla Adkins; Kristie Capsalis; Allyson Vignola; Sarah Christie; and Rebecca Cantara. We remain grateful to all prior members for their service to this Commission.

2015 brought the usual youth sports offerings: fall soccer for ages three through grade 6; winter basketball for grades K-6; and summer archery for ages 8-18. The online registration process continues to evolve.

BPR hosted the annual Easter Egg Hunt indoors at Prospect Mountain High School in collaboration with Alton Parks and Recreation and the PMHS chapter of the National Honor Society. Our fourth annual Halloween Trunk-or-Treat was very well attended, and showcased some of our most spectacular trunk decorations to date. 2015 also brought the traditional summer concert series, culminating in an evening of fireworks made possible by the Selectmen. BPR and Conservation Commission volunteers conducted a spring cleaning at the town beach. Beach attendant hours were expanded to provide an on-site attendant during peak evening hours. The second annual Fire & Ice event brought out the community spirit and camaraderie we often miss during the depths of winter. We continued our community partnership with Oscar Foss Memorial Library and Barnstead Elementary School in support of the Barnstead Adventure Zone after school program.

We invite all to attend our monthly public meetings, held on the third Tuesday of each month at 6:30 pm at the Barnstead Elementary School library. This Commission was formed to serve the recreational needs and desires of all the residents of Barnstead, young, old and in between. The members will collaborate with and provide support to our volunteers in any way we can. We are happy to entertain ideas for new programming and opportunities, keeping in mind that volunteers are needed to facilitate any new programs or events. Please visit our website, [www.barnsteadrec.org](http://www.barnsteadrec.org), or find us on Facebook to volunteer, sign up for notifications and get the latest information on our facilities, programs and events.

Thank you to our volunteers Bruce Gray and Joyce Parsons for their continued commitment to the archery program, as well as for all the extra little things they do for us. Thank you also to the Town Highway Department members who provide assistance in many ways throughout the year. Finally, many thanks to our team of ice rink volunteers for their numerous hours spent in the dark and bitter cold maintaining and flooding our ice rink for all to enjoy.

As always, we extend a heartfelt thank you to all of our volunteers, including 2015's roster of coaches and assistants. Volunteering can sometimes seem overwhelming or intimidating; we appreciate the time and effort given by each and every volunteer. Together we are making great things happen in our community, and the success of our programs is dependent on these dedicated individuals.

Respectfully submitted,

## SUPERVISORS OF THE CHECKLIST

The Supervisors of the Checklist started 2015 with its first meeting on January 28th for new registration and corrections of the Voter Checklist for the March Town and School Elections. In March, we attended and assisted at the Election, registering same day voters, accepted name changes to update the computer system. We also attended and assisted at both Town and School meetings.

During the summer, the Supervisors periodically met to update the Checklist and completed lots of filing to keep up with the ever changing list of over 3000 voters as people moved to and from our beautiful Town. Our next required meeting was held October 30th to register new voters and for the last chance to make a change in party prior to the Primary.

We welcomed the quiet year of 2015 as we gear up for a busy 2016 with the Presidential Primary, Town and School and Presidential Elections.

Remember, voting is a privilege!

## BARNSTEAD HISTORICAL SOCIETY

The Barnstead Historical Society began its year with a planning meeting in April. Projects for the year were discussed and included: programs with the Library displays, projects to earn funds. The society held four work days to organize artifacts in the up-stairs storage room and we did very well but still have work ahead of us. The room gives us storage and a large area to move around and see what we have. New storage boxes were donated and purchased to protect and store books by the year.

We did three displays at the Library in the large case at the front of the building, one of which was the “Boston Post Cane” with pictures of some of the people that received the cane; the last recipient being Ethel Pinkham.

We did two wonderful programs with the Oscar Foss Library through the New Hampshire Humanities Council. These programs are free to the public and we invite all to attend, they are advertised in the papers. We will be having more programs in 2016.

We also displayed the “Lock-Up” on Memorial Day, attended the “Gathering on the Green” displaying pictures and small artifacts and had another display on Veterans Day with the American Legion. The Society raised some monies selling cookies and drinks at two of the Summer Concerts at the Parade Grounds. Our thanks to Parks and Recreation for allowing us to take part. We also had a raffle and the proceeds will go to doing some work on the jail and the bandstand at the center.

We are grateful to those of you that have given us artifacts this year. We received a history of Barnstead, pens from businesses past, Comet Club history, wonderful pictures of the women’s softball state champion, many pictures and notes. Thank you for these wonderful gifts.

Officers elected for the next year were:

Denise Adjutant and Jeannie Terry CO-Chairmen

Ken Pitman, Vice President

Betsey Webber, Secretary

Denise Adjutant, Treasurer

Paul Webber, Edward Tasker and Sandy Burt Board Members

The Society meets April, June, August and October on the 4th Thursday at the Town Hall at 6pm for Pot Luck Supper and the meeting to follow at 7pm; all are invited to keep the History in Barnstead alive!

We would like to thank the Selectmen for allowing us to use the Town Hall.

Respectively submitted,

Jeannie Terry

## OVERSEER OF THE PUBLIC WELFARE

It is the job of the Overseer of Public Welfare to keep the community warm, their power on and assist with keeping a roof over their head.

I have the opportunity to meet with members of our community and hopefully make their lives a little easier. More often than not a simple telephone call to a provider will solve most problems.

I have enjoyed my work with our community members and I sincerely hope to continue to support and care for our Barnstead citizens.

Elaine Swinford  
Overseer of Public Welfare

### **FOR TOWN ANNUAL REPORTS LAKES REGION PLANNING COMMISSION 2014 – 2015 (FY15)**

*The Lakes Region Planning Commission (LRPC) is an organization created by Lakes Region communities according to state law for the broad purpose of responding to and shaping the pressures of change in a meaningful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. As our economy and world change, so does the work we are engaged in. The Commission offers direct and support services to help our communities meet tomorrow's challenges. Our services include technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazards planning and economic development. Local, state, and federal resources primarily fund the LRPC. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our overall goal is to provide support, knowledge, and guidance to the governments, businesses, and citizens of the Lakes Region.*

*Some of the services provided on behalf of the Town of Barnstead and the region in the past fiscal year are noted below:*

#### **OUTREACH**

- *Reviewed and commented on draft Town Master Plan Update.*
- *Developed proposals for Local Emergency Operations Plan Updates.*
- *Provided electronic version of supporting document for Capital Improvement Plan and discussed related question with municipal official.*

- *Completed Route 16 Road Safety Audit Report.*

## **BARNSTEAD FIREFIGHTERS ASSOCIATION**

Barnstead Firefighters Association (BFA) was formed in 2011 to provide additional support and aid to the town's Fire Rescue Department, at no cost to the taxpayers. Consistent with that goal, the Barnstead Firefighters Association has engaged in a number of activities during calendar year 2015 that lent support to the Barnstead municipal Fire Rescue Department and to the community of the town of Barnstead.

### **Jake Weber Scholarship Fund**

In 2014, Barnstead Firefighters Association established a scholarship fund in honor of the late Lieutenant Jake Weber, a member of Barnstead Fire Rescue who passed away in 2013. The scholarship is intended to provide a financial award to student(s) from Barnstead who intend to pursue an education in firefighting and/or emergency medical services. Calendar year 2015 was the first year that the scholarship funds were open for applications. While there were no applicants who met the scholarship criteria in 2015, the scholarship fund will be continued and applications will be available for Barnstead students in future years.

### **Road Race**

BFA sponsored the fourth annual Barnstead Firefighters Association road race on August 22, 2015. It was a beautiful day for a road race! Once again, the race was a great success which attracted over one hundred contestants. The race was supported by \$720.00 in donations from local businesses and individuals and raised nearly \$1800.00 in revenues.

### **Support for Gilmanton-Barnstead Fire Explorers**

Barnstead Firefighters Association, in conjunction with Gilmanton Firefighters Association, sponsors the annual membership for the Gilmanton-Barnstead Fire Explorers Post 900.

For the second year in a row, we are very proud to announce that our Explorers won the Outstanding Post of the Year award for the state of New Hampshire in 2015. Also for the second year in a row, Captain Brian Cottrell of Barnstead Fire Rescue won the award for Outstanding Advisor of the Year for the state of New Hampshire. Much credit is owed to Capt. Cottrell for guiding our explorers to their exceptional success.

The Gilmanton-Barnstead Fire Explorers is an organization that enables teenagers to learn teamwork skills and firefighting expertise by teaching them firefighting work practices. The Explorer organization gives these teens the opportunity to learn practical skills, introduces them to the concept of community service and opens the door to the firefighting community as a potential career.

### **Kubota OHRV**

In 2013, a Kubota Off Highway Recreational Vehicle (OHRV) was purchased for Barnstead Fire Rescue with major funding from Barnstead Firefighters Association and additional funding from Globe Manufacturing Company and the estate of Marion Henderson from Center Barnstead. In 2014, the Kubota was outfitted with tools and equipment provided by Barnstead Firefighters Association using monies from BFA fund-raising activities. In 2015, BFA funded the purchase and installation to equip the Kubota with tracks to improve its mobility in rough terrain and to enable year-round use of the vehicle.

Since its purchase the Kubota has been used by Barnstead Fire Rescue and on mutual aid calls to local towns. The vehicle has helped retrieve a deceased person from the woods, has transported firefighters to off-road brush fires, and has enabled the delivery of equipment to less accessible areas, thus saving the manual transport of the equipment by firefighters.

Also in 2015, Barnstead Firefighters Association purchased a skid-mounted water tank with a hose reel and hose for the OHRV. This will permit the transport of water to brush fires well off traveled roads and trails. The skid also provides a section for a Stokes litter basket, allowing a patient to simultaneously be retrieved and transported away from the brush fire by the Kubota.

## Disposition of Out of Service Equipment

*The Firefighters Association gave their 1979 Ford Tanker Truck to the Town of Barnstead at no cost. The Highway Department will be able to use the tanker to flush culverts using Highway Department employees instead of outsourcing that task to a contractor, thus generating significant savings for the Town on an annual basis.*

### **Retirement of Deputy Chief Rodney Boyd**

After fifty nine years of continuous and dedicated service to the Town of Barnstead, Deputy Chief Rodney Boyd retired from Barnstead Fire Rescue on November 30, 2015. Over all those years of service, Chief Boyd was not only active as a firefighter and an officer, he was instrumental in guiding the Center Barnstead Fire Company and Ambulance squad. He contributed actively at the time of the merger of the Center Barnstead Fire Company and Barnstead Parade Fire Company and, and continued his contributions at the time when the Town of Barnstead purchased the assets of the private fire company that was the predecessor to Barnstead Firefighters Association.

Chief Boyd's career with the fire service in the Town of Barnstead is truly remarkable. Thankfully, we don't have to say we will miss him following his retirement, because he remains a daily presence, dropping in to gab at the Center Station and attending and offering his two cents at BFA activities.

### **New Officers for Barnstead Fire Rescue**

Barnstead Firefighters Association offers its congratulations to our new permanent part-time Fire Chief Shawn Mulcahy, to newly appointed Deputy Fire Chief John Drew and to Captain Brian Cottrell, promoted from Lieutenant. We look forward to working with you in your new positions, Gentlemen!

Barnstead Firefighters Association is dedicated to continue its activities to support the Barnstead municipal Fire Department. BFA's goal for these activities is to help keep our firefighters/EMTs safe during response calls and, thereby, provide the people in our town effective public safety services. The support of community members is critical to achieve this goal.

By the terms of the contract between Barnstead Firefighters Association and the Selectmen for the Town of Barnstead, any apparatus originally owned by the private fire company and loaned to the Town shall be returned to Barnstead Firefighters Association when the apparatus is removed from service by the Fire Chief. This year, a 1979 Ford Tanker Truck and a 1954 Dodge military jeep forestry truck were both returned to BFA. After much consideration, BFA chose to sell the 1954 Dodge to the Deputy Chief of Upper Valley Township PA Fire Department. The Chief intends to refresh the vehicle and use it to give rides in parades to local children, including handicapped and wheel-chair bound children.

The Firefighters Association voted to

## REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Barnstead Fire-Rescue and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact Station 2 (269-4121) to arrange to get a permit before doing ANY outside burning. The Town of Barnstead requires burning permits year-round to keep everyone safe. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at [www.nhdfi.org](http://www.nhdfi.org). The ability to obtain fire permits on line was initiated in 2015. Approximately 120 towns participated in the online system with over 4,000 permits issued. To obtain a permit on line visit [www.NHfirepermit.com](http://www.NHfirepermit.com). The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-3503 or [www.des.nh.gov](http://www.des.nh.gov) for more information.

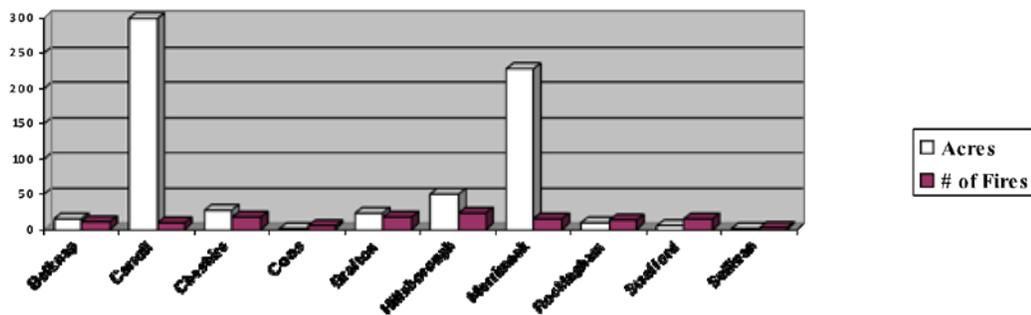

This past fire season burned **661 acres** which was the most recorded since 1989 when 629 acres burned. The fire season began in early April with the first reported fire occurring on April 8th. The largest fire was the 275 acre Bayle Mountain fire in Ossipee. This fire started on May 5<sup>th</sup> and burned for several days. The Bayle Mt. fire was also the largest individual fire in NH in over 25 years. There were also a number of other sizable fires in May which definitely kept NH's wildland firefighting resources stretched to the limit. These larger fires increased the average wildland fire size to 5.12 acres. As usual our higher fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2015 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at [www.firewise.org](http://www.firewise.org). Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

## PUBLIC NOTICE

### RESTORATION OF INVOLUNTARY MERGED LOTS

674:39-aa Restoration of Involuntarily Merged Lots. -

I. In this section:

(a) "Involuntary merger" and "involuntarily merged" means lots merged by municipal action for zoning, assessing, or taxation purposes without the consent of the owner.

(b) "Owner" means the person or entity that holds legal title to the lots in question, even if such person or entity did not hold legal title at the time of the involuntary merger.

(c) "Voluntary merger" and "voluntarily merged" means a merger under RSA 674:39-a, or any overt action or conduct that indicates an owner regarded said lots as merged such as, but not limited to abandoning a lot line.

II. Lots or parcels that were involuntarily merged prior to September 18, 2010 by a city, town, county village district, or any other municipality, shall at the request of the owner, be restored to their premerger status and all zoning and tax maps shall be updated to identify the premerger boundaries of said lots or parcels as recorded at the appropriated registry of deeds provided:

(a) The request is submitted to the governing body prior to December 31 2016.

(b) No owner in the chain of title voluntarily merged his or her lots. If any owner in the chain of title voluntarily merged his or her lots, then all subsequent owners shall be estopped from requesting restoration. The municipality shall have the burden of proof to show that any previous owner voluntarily merged his or her lots.

III. All decisions of the governing body may be appealed in accordance with the provisions of RSA 676.

IV. Any municipality may adopt local ordinances, including ordinances enacted prior to the effective date of this section, to restore previously merged properties that are less restrictive than the provisions in paragraph I and II.

V. The restoration of the lots to their pre-merged status shall not be deemed to cure any non-conformity with existing local land use ordinances.

VI. Municipalities shall post a notice informing residents that any involuntarily merged lots may be restored to premerger status upon the owner's request. Such notice shall be posted in a public place no, later than January 1, 2012 and shall remain posted through December 31, 2016. Each municipality shall also publish the same or similar notice in its 2011 through 2015 annual reports.
